Revelation Science Class at TTC

2023 – 2024 Registration Packet

Biology, Chemistry, or Anatomy & Physiology (A&P)

Thank you for your interest in my classes! Just to clarify, please note that I use my own registration form for my classes. This is the only one you need to turn in to me.

Before registering for my class, I recommend that you take a moment to review the class details and info about me on either my website or the TTC website.

This will help you select the best class for your student and prepare for what is expected. In addition, you will find all the necessary forms on the website.

Now onto registration! Please simply follow these easy steps:

- Fill out the 2-page registration form included in this packet, making sure to initial and sign where indicated.
- Turn in this form along with the proper fees to me.
- Fill out the TTC Family Agreement in full.
- Turn in the form to TTC, along with the proper fees.
- If needed, order TTC t-shirts.
- Review and adhere to the Dress Code guidelines on the TTC website, paying particular attention to the fact that non-TTC hoody jackets are not permitted.
- Plus, for Dress Code for Safety in my Lab classes: **No shorts & ONLY Closed-toed shoes**

It's important to note that TTC holds an Orientation Day for all classes taught on Tuesdays, the week before class starts. It is a requirement for my classes, as it will provide you and your student with essential information for a successful learning experience. Additionally, please check with each teacher your student is registered with as to their guidelines regarding attendance.

And to help you stay organized, please print out the School Calendar from the TTC website, then place it in your student's notebook. I believe this will be a helpful reference throughout the year.

If you have any questions or need further assistance, please do not hesitate to contact me. I am here to help and I look forward to meeting you and your student at Orientation!

Special encouragement for my students:

Students,

**Thank you for assisting in glorifying God in word, deed, and dress,
as well as helping create an environment better suited for you and fellow students
to build friendships and focus on learning more about God through science.**

Let's make a difference, one good decision at a time! Mrs. Garza 😊
